All business owners will leave their enterprise someday, whether on their own terms, or not. Cottrill Arbutina's Exit Planning Group helps clients to plan a successful transition, on the date they choose, for the amount of money they want, to the successor of their choice. Clients benefit from using our proven, strategic seven step process, to maximize the value received from their business and minimize the tax consequences.

Our presenters have co-authored the foreword to the book, *How to Run Your Business So You Can Leave It in Style*, by John H. Brown, president of Business Enterprise Institute, Inc. Cottrill Arbutina is a member of the Institute's International Network of Exit Planning Professionals™.

Pre-registration is required as seating is limited. Please RSVP by Friday, October 14, by contacting Pamela Roesch at 724.683.3457 or at proesch@cottrillarbutina.com.
